Waled Nabeel

Trainee Front End Developer | Web Development Diploma at
Almdrasa | Aspiring Web Professional
Cairo, Egypt

Summary

Hi there! I'm Waled Nabeel, a passionate and dedicated Computer
Science student at Arab Open University, currently in my 4th year.

I have a keen interest in building websites and front-end
development. Throughout my studies, I've developed strong skills in
Python, Java, HTML, CSS, and JavaScript. I've worked on several
projects, including a ToDo List application, a web scraper, and a
weather website, which has been a fantastic learning experience in
integrating APIs and enhancing user interfaces.

I'm deeply passionate about the web development industry
and eager to contribute to innovative projects that enhance
user experiences. My goal is to leverage my skills in front-end
development to create intuitive and engaging websites. Outside of
my academic pursuits, exploring new technologies, participating in
coding challenges, or working on personal web projects. I'm actively
looking for internship opportunities and professional connections
in the tech industry. Let's connect if you're interested in discussing
technology, potential collaborations, or the latest advancements in
web development.

_____

Experience

المدرسة - Almdrasa
Trainee
May 2024 - Present (3 months)
London

• Currently enrolled in a Web Development Diploma program at Almdrasa,
focusing on becoming a proficient Front End Developer.

• Learning crucial skills like HTML, CSS, JavaScript, and React, alongside
concepts like responsive web design and UI/UX principles.

• Engaged in hands-on projects and collaborating with peers to gain practical experience.

• Supported by experienced mentors to navigate through the complexities of web development.

• Committed to enhancing user experiences and contributing to innovative web projects.

• Remote learning setup allows for flexibility while maintaining productivity and progress.

• Excited about the journey towards mastering web development and making a meaningful impact in the digital world.
